2. GENERAL DESCRIPTION OF THE CARD

The Juventus Card:

- (i) is a loyalty card issued in compliance with art. 8 of Italian Legislative Decree no. 8 of 8 February 2007, converted by Italian Law no. 41 of 4 April 2007, and issued in compliance with the procedures foreseen by Italian Ministerial Decree of 15 August 2009; is an electronic document suitable for use as an admission ticket providing access to the sporting events organised by Juventus at the Allianz Stadium in accordance with these Terms and Conditions, with the Terms and Conditions of use of Season Tickets and/or Conditions of Sale of admission tickets for individual matches, with the Code of Conduct, and with the Stadium Use Regulations and other applicable regulations;
- (ii) is essential to be able to purchase the season ticket and to purchase away tickets in the away fans sector in matches considered at risk by the authorities.

3. ISSUING PROCEDURE AND GROUNDS FOR EXCLUSION, WITHDRAWAL OR SUSPENSION OF THE JUVENTUS CARD

3.1. At the time of purchase of the Juventus Card, the Holder/Purchaser shall:

- (i) fill in and sign the paper form or online order form (in the case of a minor, the form must be signed by the minor's parent or guardian);
- (ii) show a valid ID (passport or identity card or, only for children aged below 14, national healthcare card) of the Holder;
- (iii) undertake to comply with the Code of Conduct in the version in force at any one time and published in the Terms and Conditions section of the Site.

3.2. The Juventus Card cannot be issued in the following cases:

- (i) on failure to submit or incorrect submission of the documents listed in Article 3.1, at the time of purchase;

(ii) where the IT system encounters “impeding reasons”, pursuant to the Italian Decree of the Ministry of the Interior dated 15 August 2009, i.e.

(ii) individuals who are subject to a ban on accessing sports events (DASPO), or one of the measures envisaged by Italian Law No. 1423

of 27/12/56 as amended and supplemented (so-called prevention measures), or

(ii) people who have already been convicted, even in the first degree, for so-called stadium crimes (stadium access ban

lasts 5 years). In this case, if the Stadium Ban has already been served for the same episode, the period already elapsed for the DASPO in question

is subtracted from the ban period on the card.

The impeding reasons are verified by sending personal data to the police headquarters, by the methods indicated by Decree of the Ministry of the Interior dated 15 August 2009, including the data protection security measures.

In case impediments appear after issue, the Services and the functions of the Juventus Card will be suspended as long as the impediments continue.

3.3. The Holder/Purchaser accepts the unquestionable right of Juventus to suspend from the loyalty programme (and as a result the “Juventus Card” will no longer function as an admission ticket to sporting events organised by Juventus at the Allianz Stadium) at any time, without this entailing any pro-rata reimbursement, refunds of the fees paid or compensation, anyone who:

(i) in the opinion of Juventus or according to the reports of the police or security staff and/or the stewarding service, or other sources, has engaged in conduct considered of relevance for application of the acceptance requirement set forth in the Code of Conduct, including the transfer phases of away matches during any event - football related or otherwise - regardless of their location or when they were held (including but not limited to, friendly matches, the training and travelling to away matches);

(ii) is responsible for violations of the Regulations for use of the sports venues in question;

(iii) has used or attempted to use the Juventus Card in an unauthorised manner in order to fraudulently gain

access to the stadium;

(iv) is subject to the provisions of article 6 of law no. 401 dated 13 December 1989 as amended and supplemented or law no. 1423 dated 27 December 1956 as amended and supplemented, or who have been reported or convicted, even with pending ruling, for crimes committed at or connected with sporting events;

(v) has used the Juventus Card as part of ticket touting or secondary ticketing activities;

(vi) has culpably (e.g. negligent custody or delayed communication to Juventus), or voluntarily, permitted another person to make use (or attempt to make use) of the Juventus Card in order to access the stadium (see Article 6).

(vii) as a result of checks and inspections (even those subject to the issue of the Juventus Card), is found to have provided false information (including, but not limited to: name and surname reversal, date of birth which differs slightly from their actual birth date) in order to evade the checks carried out by the verification system to ensure the absence of impediments, and/or persons who have made false statements regarding the lack of criminal convictions and/or impediments to the issue of the Juventus Card.

3.4. If the Juventus Card is not issued or is later suspended or revoked for the reasons indicated above in art. 3.2 and 3.3, the Club will only be obliged to inform the Holder/Purchaser of the non-issue, suspension or cancellation of the card, without giving the Holder/Purchaser the right to claim any form of reimbursement or compensation. In the cases provided for in point (iv) above, suspension will take effect from the moment in which Juventus becomes aware thereof, after checking on the system provided to the police headquarters for the issue of the ticket.

4. PRICE - PAYMENT METHOD - INVOICING

The total price shown at the end of the online Order is made up of the Price plus shipping costs of the card, which vary according to the country of destination (the Purchaser may view the cost online at the end of the Order before confirming it), but does not include any customs duties and/or additional taxes applied for importing the goods into a foreign country which shall be charged to the Purchaser.

Payment of the total price must be made when the Order is placed, using the acceptable payment methods that are listed and visible during the online purchase procedure and can be chosen by the Purchaser at the time of payment. The total amount due by the Purchaser is charged when the Order is placed and, except as provided below, does not entail any further charges for the Purchaser in addition to the total price shown when placing the Order. The Purchaser agrees that, unless otherwise agreed, the price is expressed in Euros. Therefore, any currency exchange resulting from payments outside the EU - or in any case using currencies other than Euros- will be made by the bank and/or credit card issuer or, in any case, through the Payment Method selected by the Purchaser, who will exclusively bear all and any costs, including commission, arising from the payment. The Purchaser is therefore required to check the exchange rate and any commission costs. The transaction cost will be charged to the Purchaser when purchasing the Juventus Card. The Payment Methods are processed and managed by third parties notified to the Purchaser at the time of payment. The Payment Methods are therefore subject not only to these Juventus Card Terms and Conditions, but also to the terms and conditions of the third parties in question which the Purchaser will accept. Juventus is not responsible for any commissions, exchange rates or other charges envisaged by the third parties that manage the Payment Method and that will be accepted by the Purchaser. The Purchaser is aware that any information sent regarding the Payment Method and relating to their account is secret and confidential and must be disclosed exclusively through the connections and secure sites indicated by Juventus and the third parties that process the Payment Methods and not through a link contained in an e-mail or other electronic communications. The Purchaser shall not send to Juventus or to persons other than those managing the Payment Methods any information regarding their credit card or other means of payment. In the event that the third parties mentioned above are unable to charge the total price of the Order to the Purchaser through the Payment Method - by way of example, due to insufficient funds, expired or invalid account information or for other reasons - the Purchaser will be solely liable for all related costs and Juventus may - without any prior notice - suspend and/or permanently interrupt the Services.

Juventus uses a secure payment service that uses the PCI Data Security Standard. Confidential credit card details (card number, card name, expiry date, security code) are encrypted and sent in an encrypted form to the payment operator.

Therefore, Juventus never has access to and does not store the details of the credit card used by the Purchaser to pay for the Order. In order to issue the invoice, the invoicing request must be made when placing the Order by ticking the appropriate box. Invoicing requests made at a later date or through different channels will not be accepted.

5. INFORMATION FOR ONLINE CONTRACT CONCLUSION

The Juventus Card may be purchased at authorised points of sale that will be communicated in each instance by the Club on its Website (such as, by way of example, for Juventus Official Fan Club members, the Juventus Official Fan Club they belong to), or online via the Site or the App.

To purchase a Juventus Card online, for oneself or for a child under 16 years of age, the Purchaser must meet the following requirements: (i) they must be a natural person who is 18 years or older, or has reached the age of majority set by the Purchaser's State of residence and who, in any case, is capable of acting under Italian law. It is the Purchaser's responsibility to ensure that the information provided at the time of the request or Order is truthful, accurate and complete. Juventus shall not be held liable for orders placed by minors without the authorisation of their parent/parental guardian; (ii) he/she is the holder of a registered profile and of relevant access credentials on the Site and/or App (also "Juventus Account"); (iii) he/she accepts these Terms and Conditions.

With reference to the various technical steps to be completed in order to conclude the online contract, a guided procedure may be followed that allows Purchasers to check and validate any data entered and to correct mistakes before the submission of the Order through to conclusion of the contract. The various technical stages for Order submission are summarised below:

1. Selection of Juventus Card product to be purchased by clicking on "**purchase**". If one wishes to purchase several products (either for oneself and for a minor aged under 16), they may be selected one at a time and added to the shopping cart. Products can always be deleted or added to

the cart until the Order is placed;

2. Authentication (login) is carried out with the user's authentication credentials (username/password), where available, or through the social media account (if the user does not hold a Juventus Account, they will have to create a new Juventus Account through the Site or App);
3. Option selection if the Purchaser is buying a Juventus Card for themselves or for a minor under the age of 16 years for which they are acting as a guardian;
4. Entry and confirmation of the data of the Purchaser and of the Holder for each Juventus Card purchased, which, depending on the case, may or may not be the same. If purchasing a Juventus Card for a minor under the age of 16, the personal details of the Holder must be those of the minor who will be the holder of the aforementioned Juventus Card. The minor's details will be processed exclusively for service purposes related to the Juventus Card programme;
5. Uploading of a copy of the Holder's identity document for each Juventus Card purchased (.pdf or .jpg or .png);
6. Selection of Payment Method (credit card, payment card or Paypal). The Purchaser represents and warrants that they are authorised to use the payment method chosen for the Order placed;
7. Before purchasing the Juventus Card, the Purchaser must click on the relevant buttons and read these Terms and Conditions, the Code of Conduct and the specific policy on the processing of data collected for taking part in the Juventus Card programme; by clicking on the relevant box, the Purchaser must state their acceptance of the Terms and Conditions and the Club's unquestionable right to cancel the Juventus Card in the event of violation of the Code of Conduct, assuming all liability arising from the signing of the Juventus Card. The Purchaser is aware and accepts that ticking the relevant box on the Site and/or the App and pressing the relevant button constitute acceptance of the terms;
8. Entry of Purchaser's credit card details (or other accepted means of payment) required for the transaction. The Purchaser must click on the button "confirm purchase". By doing so, the Purchaser undertakes to pay the Price, as well as the indicated shipping costs, and by submitting this Order, the Purchaser provides authorisation for the amounts specified in the online purchase contract to be

charged to the chosen payment method;

9. Payment confirmation (by the interbank network);
10. Confirmation of completion of the Juventus Card purchase procedure;
11. Submission of Order receipt acknowledgement to the Purchaser.

6. CONCLUSION OF ONLINE CONTRACT - SHIPMENT OF THE CARD

The purchase of the Juventus Card is subject to payment of the applicable price. The Contract shall be deemed executed and binding for the Parties upon receipt by Juventus of payment confirmation. After payment of the total price of the Order has been processed successfully, Juventus will acknowledge receipt of the Order by sending an order confirmation (hereinafter "Order Confirmation") to the e-mail address or telephone number given by the Purchaser when registering with the Site. The Order Confirmation will include the Juventus Card purchased, the unit price including VAT, the shipping costs and the total price of the Order, the Payment Method, the delivery address for the card, the exclusion of the right of withdrawal under Article 15 below, as well as information on customer service contacts and the link to these Juventus Card Terms and Conditions, with the right for the Purchaser to access them by downloading, printing or saving the Juventus Card e-mail and Terms and Conditions on their computer. Therefore, when placing the Order, it is important to ensure that a valid e-mail address or telephone number has been entered.

The Juventus Card will be sent within 25 days from receipt of the Holder's ID, required to identify and check the information, and subject to checking via the computer system referred to in the Decree of the Italian Ministry of the Interior of 15 August 2009 that no "impediments" exist. If the Purchaser fails to upload their ID, the Order will not be able to be placed; in the event that the ID cannot be checked or in the circumstances indicated in Art. 3.2, the Juventus Card will not be issued through the exclusive fault of the Purchaser. This does not entitle the Purchaser to receive any reimbursement, refund or compensation.

The delivery times are indicative and do not represent a binding deadline for Juventus. Any delivery delays may be caused by difficulties on the part of the courier, force majeure or bank holidays. Delivery delays do

not entitle the Purchaser/Holder to any form of compensation, without prejudice to the Purchaser's rights under current legislation. Delivery to the shipping address specified in the Order shall be by courier. Shipping details shall be completed directly by the Purchaser; Juventus, therefore, cannot be held liable for non-delivery in the event of incorrect details. The Purchaser may, at any time, check the shipping status by accessing their Juventus Account page on the Site and/or App.

7. FUNCTIONS OF THE JUVENTUS CARD

The Juventus Card, which is the only document certifying the right to participate in the "Juventus Card" loyalty programme, provides the supporter with the following advantages:

- it can be used to purchase tickets to matches: the card is compatible with a number of ticket sales systems that are widely recognised by ticket issuers, and allows the holder to take advantage of quicker, more efficient sales procedures, by transferring saved personal data directly to the admission ticket issue/delivery system, as this system is compatible with the ticket sales systems used and recognised by all ticket vendors (the Juventus Card holder is in any case required to show a valid identify document if requested by the ticket vendor). However, the card does not automatically give Holders the right to purchase the admission tickets requested at any one time. This depends on the actual availability of the aforementioned tickets;
- it exempts the holder from various specific restrictions which may be imposed for public order reasons on matches played in Italy, both at home and away, allowing the holder to proceed more quickly to purchasing "Guest" sector tickets for national and/or high-risk matches. Such possible facilitations can be given exclusively by Bodies and Authorities in charge of public order and safety;
- it facilitates access to the stadium as it can be used to cross-check the name on the ticket with the identity of the card holder (Juventus Card Holders must nonetheless carry with them and show a valid ID document when asked to do so by match stewards or the Police);
- it is an electronic document suitable for use as a digital media device, which can be used to store

passes and admission tickets to sporting facilities, allowing the holder to access these facilities through automated gates, where present. However, this does not exclude the possibility of being subject to security checks or being asked to present a valid identity document (mandatory requirement). The Juventus Card is not proof of any ticket purchase, even if activated to this purpose, unless the appropriate card readers, or in the absence of technological devices, the specific paper document provide proof that the ticket is valid and can be used;

- it gives access to the services, privileges and benefits that from time to time the Club may decide to offer only to Juventus Card Holders (including, but not limited to: being appointed as the reserve on an Allianz Stadium season ticket holder);
- all tickets can be loaded onto the Juventus Card (season tickets and/or coupons for individual matches) provided that they are issued in connection with matches organised by Juventus. It is not possible to load more than one ticket for each individual match onto the card. Uploading of access tickets onto the card entails the following:
 - (i) the payment of the purchase price of the access ticket requested by the Holder;
 - (ii) the acceptance by the Holder of the Terms and Conditions of use for Season Tickets and/or of the Conditions of sale of tickets for individual matches in the versions in force at any one time;
 - (iii) the acceptance by the Holder of the Stadium Use Regulations in force at any one time;
 - (iv) the acceptance by the Holder of the Code of Conduct in force at any one time.

The Juventus Card, with the valid entrance ticket for Juventus matches loaded onto it is required in order to access the stadium. Any other printed documentation accompanying this or delivered to the Holder (or sent by email) when loading the valid ticket onto the Juventus Card serves an auxiliary function only, providing an additional copy on paper of information (e.g. sector, row and seat number) that is already stored electronically. As such, this printed documentation cannot be used to access the stadium/match at any time.

8. GENERAL REGULATIONS FOR USE OF THE JUVENTUS CARD. CASES OF SUSPENSION OF THE

JUVENTUS CARD

It is not possible to own more than one active Juventus Card. The Juventus Card is strictly personal and non-transferrable. However, the tickets loaded onto the card may be transferred to other individuals, provided that these persons are also in possession of a Juventus Card, in accordance with the appropriate procedures laid down by Juventus, and dependent on the limitations that may be imposed by the latter and by the competent authorities, including those imposed at individual matches.

The Holder must keep the Juventus Card safe and take all necessary precautions to prevent the document from being used by other people in order to access the stadium. In case of theft or loss of the Juventus Card, the Holder must immediately notify Juventus. The Holder can apply for a new card upon exhibition to Juventus of the report of the theft or loss (depending on the case) and payment of the fee for a replacement card. If the Holder has used the Juventus Card inappropriately (e.g. negligent use or delayed communication to Juventus) or has voluntarily permitted another person to use (or attempt to use) the card in order to access the stadium, the Juventus Card may be suspended for one or more official matches and thus become unusable as a method for accessing the stadium for that period, without obligation to pay any compensation or reimbursement, even pro rata, of the amount paid or indemnity.

9. CHARACTERISTICS OF THE CHIP USED AND METHODS OF USE

The chip fitted on the Juventus Card is a radio frequency chip with encoded transmission of ID data. The processing occurs exclusively using readers that are authenticated using specific credentials. The Card is read when placed in close proximity with the reader (at less than 10 cm). Systems that are not fitted with specific credentials cannot detect/read the Card and acquire identification data.

10. VALIDITY OF THE JUVENTUS CARD

The Juventus Card retains its validity for 10 years from the date of issue and until the date of expiry date printed on the Card, except as provided for above. The Juventus Card will be immediately active and operational from the moment it is issued until the expiry date printed on its front, unless it is cancelled or invalidated (withdrawn or

suspended) for the reasons specified in Articles 3 and 8.

11. CHANGES

Juventus reserves the right to update, amend and/or supplement these Terms and Conditions over time for reasons required by regulatory changes or for other reasons related to management of the Services. However, these amendments will only take effect (unless imposed by mandatory provisions of law) from the start of the Sports Season following that in which the changes have been made public in the manner provided for below. Use of the Juventus Card by the Holder constitutes confirmation of their commitment to comply with the amendments.

Communications concerning amendments will be published in the terms indicated in Art. 13 below, via the Site and through communication via email or SMS inviting holders to take note of the amendments on the Site, or otherwise in writing.

12. WITHDRAWAL

The right of withdrawal is excluded pursuant to Art. 52 et seq. of the Italian Consumer Code, since the Contract applies to the supply of goods that are clearly customised as referred to in Article 59, paragraph 1, letter c) of the Italian Consumer Code (Italian Legislative Decree 206/2005 as amended by Italian Legislative Decree 21/2014). The Holder may however withdraw from the contract and ask to be removed from the Programme at any time by providing written notice to Juventus F.C.

S.p.A. Via Druento 175 - Turin, subject to paying the purchase cost of the card. The Juventus Card will be deactivated within 15 days from receiving the communication, unless a season ticket expiring after that date has been loaded onto the Juventus Card in this case, the Juventus Card will be deactivated on the day after the final match to which the season ticket refers is played.

13. CORRESPONDENCE

All communications addressed to Juventus Card Holders are deemed as validly acknowledged by all

addressees after 15 days of their ongoing publication on the Website. Communications addressed directly to individual Holders are considered to have been received on sending an email to the address provided on the purchase form, or to a different address communicated in writing by the Holder.

The Purchaser undertakes to keep them secret and to ensure that no third party has access to them. He/she is also required to inform Juventus immediately if he/she suspects or becomes aware of any improper use or undue disclosure of the credentials, otherwise answering for failure to duly protect their access credentials.

The Purchaser guarantees that the personal data provided to Juventus during the registration procedure, or at any other time and/or on any occasion of the relationship held with Juventus, are complete, truthful and

related to the Purchaser, and undertakes to indemnify Juventus and hold it harmless against any damage, compensation claims and/or sanctions resulting from and/or howsoever connected to the violation by the Purchaser of the guarantee under this article and/or the violation of the rules on site registration and/or the storage of registration credentials.

It is possible to request information, send communications or submit complaints free of charge by contacting the Juventus customer service through the Site, by accessing the "Contact Us" section of the Site.

17. COURT OF JURISDICTION

informed that a European platform has been established for the online resolution of consumer disputes (so-called ODR platform). The ODR platform may be accessed at the following address, <https://ec.europa.eu/consumers/odr/main>.
